mood

Noble Stone trae ispirazione dalla fisionomia di una **pietra calcarea dalla texture monocolor**e collocata in scenari incontaminati. La roccia sedimentaria, plasmata dalla natura e dal lavoro del tempo, è restituita con grande **natural**eza materica in un gres porcellanato dall'estetica minimale.

Una **finitura naturale** e piacevole al tatto e una trama fatta di **sottili venature** che seguono una **struttura** come lievemente stratificata. Una resa morfologica perfetta che riveste gli ambienti di una straordinaria bellezza.

Noble Stone draws inspiration from the physiognomy of a **limestone with a single-colour texture** set in pristine scenery. The sedimentary rock, shaped by nature and the workings of time, is presented with an exquisitely **natural texture** in a porcelain stoneware with a **minimalist aesthetic**.

A **natural finish** that is pleasant to the touch and a texture made up of **subtle veining effects** that follow a **structure as if slightly layered**. A flawless morphological rendering that covers rooms with extraordinary beauty.

Noble Stone s'inspire de la physionomie d'une **Pierre calcaire à la texture monocolor**e se trouvant dans des paysages incontaminés. La roche sédimentaire, fruit du long travail de la nature et du temps, est reproposée avec un **naturel de la matière** sans précédent à travers un grès-cérame à l'**esthétique épurée**.

Une **finition naturelle** et agréable au toucher et une trame composée de **très fines veines** qui jalonnent une **structure légèrement stratifiée**. Un rendu morphologique parfait qui pare les environnements d'une extraordinaire beauté.

Noble Stone ist an der Optik eines **einfarbigen Kalksteins** inspiriert, der in unberührten Gebieten anzutreffen ist. Das Erscheinungsbild des von der Natur und den Zeichen der Zeit geprägten Sedimentgesteins wurde mit überaus echter stofflicher Wirkung auf ein **minimalistisch anmutendes Feinsteinzeug** übertragen.

Eine **natürliche Oberfläche** mit angenehmer Haptik und ein Motiv aus **dünnen Äderungen** folgen einer **wie leicht geschichtet wirkenden Struktur**. Eine morphologisch perfekte Wiedergabe, die den Raum in außergewöhnliche Schönheit kleidet.

3D Satin, l'inedita finitura opaca, setosa e morbida al tatto, che evoca la superficie di una pietra levigata e plasmata dallo scorrere del tempo, con **venature finemente incise** dai riflessi **brillanti**. Un richiamo alla maestria di un bassorilievo antico e alla bell'Italia, al suo patrimonio artistico, fatto di decorazioni e architetture preziose, custodi di una storia millenaria.

new finish

3D Satin, the unprecedented **matt finish**, **silky** and **soft to the touch**, evokes the surface of a stone polished and shaped by the passage of time, with **finely engraved veins** and **brilliant reflections**. A reference to the mastery of an ancient bas-relief and to beautiful Italy, to its artistic heritage, made up of precious decorations and architecture, guardians of a millenary history.

3D Satin, la **finition mate** inédite, **soyeuse et douce au toucher**, qui rappelle la surface d'une pierre polie, façonnée par le temps qui passe, avec des **veines finement incrustées** aux **brillants reflets**. Un clin d'oeil à la grandeur d'un antique bas-relief et à la « Bell'Italia », à son patrimoine artistique, composé de précieuses décorations et architectures, gardiennes d'une histoire millénaire.

Die neue, matte Oberfläche **3D Satin** fühlt sich **seidig und weich an**. Sie evoziert die Oberfläche eines geschliffenen und von der Zeit modellierten Steins, mit **fein eingeschnittener Äderung** und **leuchtenden Reflexen**. Ein Verweis auf meisterhaft ausgeführte Basreliefs und auf die Schönheit Italiens mit seinem Kunsterbe aus kostbaren Dekoren und Bauten, die von einer Jahrtausende alten Kultur zeugen.

Una tecnologia digitale avanzata che fonde bellezza e tecnica, arricchisce la grafica della superficie da esterno 60x120 in 8,8 mm di spessore, conferendo, mediante giochi di chiaroscuro, un effetto di matericità e tridimensionalità che emula la bocciardatura tipica dei marmi naturali.

Advanced digital technology that blends beauty and technique enriches the pattern of the **60x120 outdoor surface** in 8.8 mm thickness, with chiaroscuro interplays adding a **materic and three-dimensional quality** that emulates the **bush-hammering** typical of natural marble.

Une technologie numérique de pointe qui fusionne beauté et technique enrichit le graphisme du **revêtement pour extérieur**, au format de **60x120** sur 8,8 mm d'épaisseur, en jouant sur le contraste clair-foncé, un **effet de matière et une tridimensionnalité** qui émule le **bouchardage** typique des marbres naturels.

Hochmoderne digitale Technologie vereint Schönheit und Technik. Die Grafik des **Außenbelags im Format 60x120** mit 8,8 mm Stärke erzeugt durch Helldunkleffekte einen **stofflichen und dreidimensionalen Eindruck**, der an das typische Aussehen von **gestocktem**, natürlichem Marmor erinnert.
