VICTORIAN BLUESTONE

A recognised classic, Victorian bluestone is a well-loved, adaptable product with a versatile, minimalist aesthetic. Its distinctive tone, texture and beauty combined with its durability, rust-resistance and non-slip qualities make it suitable for many settings and compliant to wide-ranging safety requirements.

Victorian bluestone is a product of nature and is subject to variation in colour and texture. Images are a guide only, we recommend ordering a sample or generally full size slabs are available to view on request.
