CAPITAL

Inspired by the quiet elegance of natural limestone, the Capital Collection brings together soft movement, subtle tonal variation, and a timeless palette designed for contemporary living. Its sophisticated stone-inspired surface creates a sense of calm and continuity, making it equally suited to residential and commercial environments.

Available in three versatile colours — Pearl, Oat, and Latte — Capital offers a refined foundation for interiors and exteriors alike. The collection is complemented by a distinctive Concave textured surface, adding depth, tactility, and architectural interest to feature walls and statement spaces.

Designed to balance natural beauty with the durability of porcelain, Capital is a versatile solution for floors, walls, bathrooms, living spaces, and outdoor applications.

Soft Light. Timeless Sophistication.

Pearl captures the understated beauty of pale limestone with gentle mineral variation and a refined light tone. Its soft, luminous appearance creates bright and welcoming spaces while maintaining a natural and organic character.

Ideal for contemporary, coastal, minimalist, and luxury interiors, Pearl offers versatility across floors, walls, bathrooms, and open-plan living spaces. Paired with the Concave texture, it introduces subtle dimension and a sophisticated architectural feel.

"Light, calm, and effortlessly elegant — Pearl creates spaces that feel open, timeless, and beautifully connected to nature."

Warm Neutrality. Effortless Comfort.

Oat introduces a balanced blend of warm beige and soft stone undertones, creating interiors that feel inviting, relaxed, and enduring. Its natural limestone-inspired movement provides texture and authenticity while maintaining a clean, contemporary aesthetic.

Perfect for creating warm modern interiors, Oat pairs beautifully with timber, natural fabrics, brushed metals, and earthy palettes. The Concave textured option adds a tactile layer that enhances both residential and commercial environments.

Rich Warmth. Contemporary Character.

Latte offers the deepest tone within the Capital Collection, showcasing warm stone hues enriched with natural variation and depth. Its inviting character creates a sense of comfort and refinement while remaining versatile enough for modern architectural settings.

Suitable for both interior and exterior applications, Latte works beautifully with natural timbers, darker accents, and layered material palettes. The Concave texture elevates the stone-inspired design, introducing rhythm and visual interest to feature walls and statement surfaces.
