

EXTRUDED CLAY BRICK FACING

Bring the enduring character of Japanese-made fired clay to contemporary floors with **AMS Extruded Clay Brick Facing**.

Expertly crafted in Japan from extruded clay, each tile features a refined linear profile and subtly textured surface. The slim 11mm format brings depth, rhythm and natural character to residential and commercial spaces.

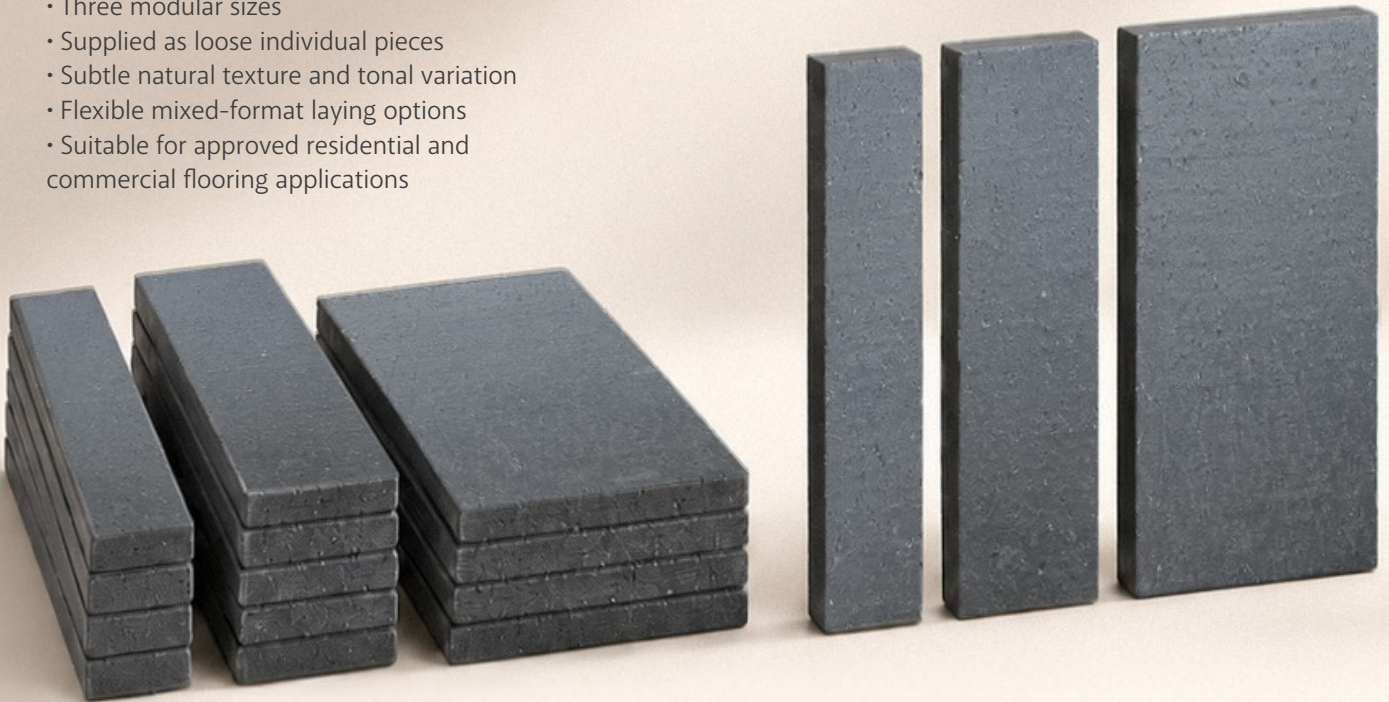

Available in three complementary sizes and supplied as loose pieces, the tiles can be combined to create custom layouts, mixed-format patterns and distinctive flooring designs.

Key features

- Genuine extruded clay
- Slim 11mm profile
- Three modular sizes
- Supplied as loose individual pieces
- Subtle natural texture and tonal variation
- Flexible mixed-format laying options
- Suitable for approved residential and commercial flooring applications

200 × 60 × 11mm	Standard
200 × 40 × 11mm	Slim

Applications

- Entryways and foyers
- Hallways and living areas
- Kitchens and dining spaces
- Hospitality and retail interiors
- Residential and commercial flooring
- Custom mixed-format floor designs

Product information

Material: Extruded clay

Thickness: 11mm

Supply format: Loose pieces

As a fired clay product, minor variations in colour, texture and dimensions are natural characteristics. Blend pieces from different boxes during installation to create a balanced and cohesive finish.

**Discover the enduring character of AMS Extruded Clay
Brick Facing and create a surface grounded in natural
texture, versatility and timeless design.**
